**Re: FCC Docket RM-10412 (Proposed Mandate for Field  
Repairability of Amateur Radio Equipment)**

Dear FCC Commissioners and Staff,

I am the author of Written Comments filed in this Docket. The Docket embodies a Petition For Rulemaking, by Nickolaus E. Leggett aka N3NL, of Reston, Virginia, which would mandate the "field repairability" of Amateur Radio equipment.

Previously provided contact information must now be updated. Having completed recent coursework at the University of Denver School of Law, and needing to be closer (at least temporarily) to certain loved ones on the East Coast, I have returned from Colorado to my "home base" in Connecticut. My new contact information is as follows:
